A Wonderful Liquid

The human body is a real wonder. It is sometimes good to think about our body and how it works. Our body is doing millions of jobs all the time.

One of the most important parts of the body is blood. The heart pumps this red liquid around the body. This keeps us healthy and alive.

More than half of blood is plasma. This is a clear and yellow liquid. It carries red and white cells. There are millions of red blood cells in one small drop of blood. They carry oxygen round the body and collect carbon dioxide from body parts. There are thousands of white cells in a drop of blood. They are bigger than red cells. They defend our body against microbes. This wonderful liquid is a great gift from Allah. We can thank Allah by keeping our body healthy. One way to do that is eating healthy food and doing daily exercises. Another way is to donate our blood to those who need it.

الف) - What color is plasma?

Yesterday morning, my friend and I went to a beautiful park near our school. We sat on a wooden chair and talked for about an hour. My friend is going to buy a new mobile phone next week. He said he wanted to buy the most modern one. He believed his old mobile phone was boring and not a perfect choice for a young person like him. He said his mobile phone was good only for the elderly people.

While we were talking, we saw a very old man riding a small blue Japanese bike. He was wearing a bright red shirt. His clothes were very neat and clean. He wasn't riding fast, but he seemed quite healthy. The old man stopped his bike right in front of us to answer his mobile phone. And guess what, it was exactly the type my friend was going to buy. First we just watched him talking on his big phone without saying anything. Then we both started to laugh out loud. It was so funny. And we kept laughing all our way back home.
